5.1.1 Average percentage of students benefited by scholarships and freeships provided by the Government during last five years

Year	2016-17	2017-18	2018-19	2019-20	2020-21
Number of students benefited by scholarships and freeships provided by the Government	260	273	404	437	593
Number of students	449	414	528	586	799

The following Formula is used for the calculation as per the NAAC Manual :

$$= \frac{\text{Number of students benefited by scholarships and freeships provided by the Government}}{\text{Total number of Students}}$$

With the help of the above formula, the Percentage per year values are obtained as follows:

Year	2016-17	2017-18	2018-19	2019-20	2020-21
Percentage Per Year	57.91	65.94	76.52	74.57	74.22

Further, with the help of the percentage per year values, average percentage is calculated as follows:

$$\begin{aligned} \text{Average Percentage} &= \frac{\text{Percentage Per Year}}{5} \\ &= \frac{\sum 57.91+65.94+76.52+74.57+74.22}{5} \\ &= 69.83 \end{aligned}$$

Thus, Average percentage of students benefited by scholarships and freeships provided by the Government during last five years **69.83**.
