## 5.2.3 Average percentage of students qualifying in state/national/ international level examinations during the last five years (eg: JAM/NET/SLET/GATE/ GMAT/CAT/GRE/ TOEFL/ Civil Services/State government examinations, etc.)

Year	2016-17	2017-18	2018-19	2019-20	2020-21
Number of students qualifying in state/ national/ international level examinations	0	0	02	0	0
Number of students appeared in state/ national/ international level examinations	0	0	02	0	0

Note: We tried fullest to our abilities to contact previous year students who appeared for any such examination. We managed to get the information about only two students.

The following Formula is used for the calculation as per the NAAC Manual:

$$\frac{\text{Number of students qualifying in state,national,international level exams}}{\text{Number of students appeared for the state, national, International level exams}} \times 100$$

With the help of the above formula, the Percentage per year values are obtained as follows:

Year	2016-17	2017-18	2018-19	2019-20	2020-21
Percentage Per Year	0	0	100	0	0

Further, with the help of the percentage per year values, average percentage is calculated as follows:

$$\begin{aligned} \text{Average Percentage} &= \frac{\text{Percentage per year}}{5} \\ &= \frac{\sum 0+0+100+0+0}{5} \\ &= 20 \end{aligned}$$

Thus, Average percentage of students qualifying in state/national/ international level examinations during the last five years (eg: JAM/NET/SLET/GATE/ GMAT/CAT/GRE/ TOEFL/ Civil Services/State government examinations, etc.) is 20.
